

XPENG G6

REFINED. RECHARGED.

STARSHIP-INSPIRED EXTERIOR

A bold fastback silhouette, Integrated Light Bar and Robot Face signature give G6 a starship-inspired presence. Clean surfacing, a floating roofline and aero-optimised details reduce drag while turning every arrival into an entrance.

FUTURISTIC ELEGANCE IN MOTION

Bold Robot Face framed by the Full-width Integrated Light Bar for futuristic presence.

Fastback silhouette with long front overhang, short rear overhang, and clean side sculpting delivers coupe-like dynamism.

Aerodynamic ducktail spoiler with galaxy lightsaber LED taillight enhances both form and airflow control.

Technological Flow Aesthetic Appearance

- 1942mm Full-width Integrated Light Bar
- Seamlessly tapered minimalist body design
- Redesigned aerodynamic ducktail spoiler
- Galaxy lightsaber LED taillight

SMART CABIN UNRIVALLED EXPERIENCE

Step into an intelligent lounge with full-car voice control and OTA updates. XOPERA 18-speaker audio and refined touchpoints create an intuitive, premium space. Generous legroom, supportive seats, clever storage, a near-flat floor and versatile folding deliver everyday practicality without sacrificing calm comfort.

COMFORT ABOVE ALL

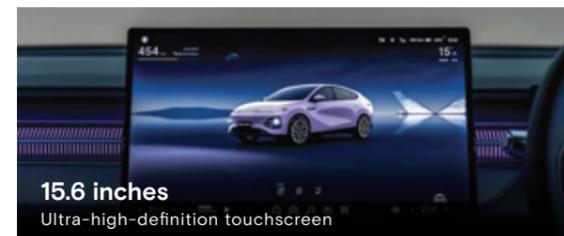

Comfortable Seats

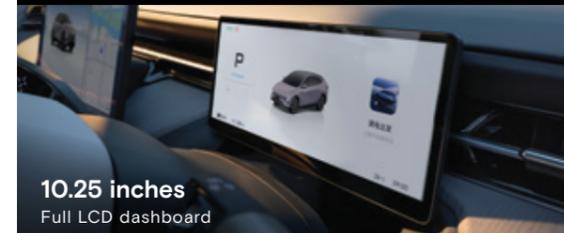

- Nappa leather seats*
- Front seats with massage*/ventilation/heating/lumbar support
- 11.4° backrest adjustment
- Driver seat electric adjustment up to 10 way

Comfortable Space

- Space efficiency 85.6%
- Best rear kneeroom and headroom in its class
- 18 storage spaces throughout the vehicle
- 571L large trunk, 1374L expandable space

15.6 inches
Ultra-high-definition touchscreen

10.25 inches
Full LCD dashboard

18 speakers

Super Star Ring Interior Design

- Super Star Ring touchscreen design
- Galaxy rhythm array ambient light
- 2.12m² interstellar boundless canopy
- Upgraded microfiber roof*

XOS Cockpit

- 9-inch Digital Rearview Mirror*
- Full-scene, multi-zone voice assistant
- Multi-language voice interaction (English, French, German, Thai, Cantonese)
- Multi-scene customization

XCOMBO/XDOCK customization/Sound mode customization/Personalized account settings

*Only available on the RWD Long Range and AWD Performance versions.

MOBILITY REDEFINED

Drive with confidence as the XPENG G6 delivers superb stability and handling, balancing performance with comfort. Built on XPENG's 800V SEPA 2.0 architecture, it offers brisk efficiency and ultra-fast charging that adds range in minutes, while smart thermal management and a refined electric drivetrain keep every trip smooth, quiet and stress-free.

ALL-ROUND PERFORMANCE

5C Supercharging Battery

12min

SOC 10% - 80% charging time

The range increases by

427km*

With 15 minutes of charging

Up to

525km*

WLTP comprehensive range

17.9kWh

Lowest power consumption per 100km at comprehensive working condition

- Full-domain 800V High-voltage SiC Platform
- Peak charging power 451kW
- XHP 3.0 intelligent thermal management system
- V2L external discharge

*The data standard for RWD Long Range version.

Fast Acceleration

The XPENG G6 delivers 185kW and 440Nm of torque, accelerating from 0 to 100km/h in just 6.94 seconds for the Standard Range version; 218kW and 440Nm of torque, accelerating from 0 to 100km/h in just 6.7 seconds for the Long Range version. While the AWD Performance variant has an output of 358kW and 660Nm of torque, with 0 to 100km/h in 4.13 seconds.

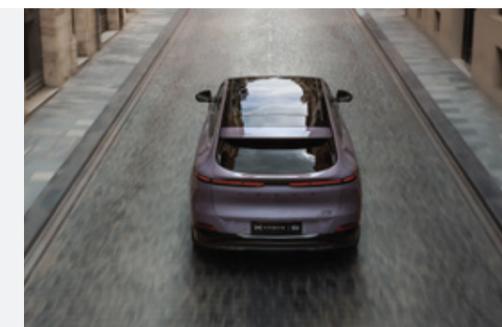

Superb Handling and Comfort

The XPENG G6 features front double wishbone independent suspension and rear multi-link independent suspension.

Impressive Driving Range

With ultra-low energy consumption, The XPENG G6 delivers a reliable driving range of up to 480km^ in the Standard Range version; up to 525km^ in the Long Range version, and up to 510km^ in the AWD Performance variant.

^Range according to WLTP.

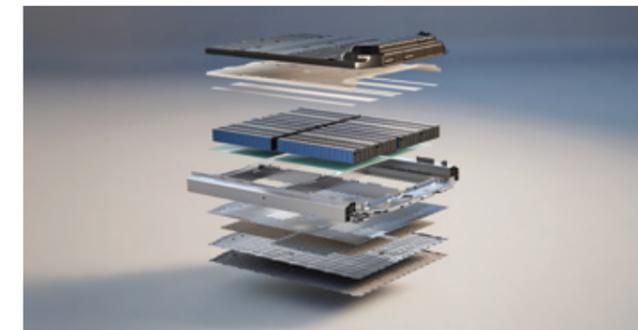

ULTRA SAFETY, INSIDE AND OUT

A high-strength steel-aluminium structure, advanced battery protection and comprehensive active safety work in concert to protect what matters most. XPILOT driver assistance adds confident support, from busy streets to open roads.

SUPER SAFETY

ENCAP Five-star Standard Development

- Designed with global safety standards, the entire series is developed to meet the ENCAP Five-star Standard

Passive Safety

- Front & rear integrated casting with aluminium body structure
- CIB battery and body integration technology, 3-layer anti-collision structure
- 16-circular safety design
- High-strength steel and aluminium hybrid cage body
- "4-3-4" full-dimensional three-dimensional protection battery pack

14 Active Safety Features

- Forward collision prevention function FDM/FCW/AEB/TSR/SAS/IHB/DSM*
- Lateral collision prevention function BSD/DOW/LDW/ELK/LKA
- Rear collision prevention function RCW/RCTA

XPILOT ASSIST

- XPILOT ASSIST DRIVING ACC/LCC/ATC/ALC*
- XPILOT ASSIST PARKING Surrounding Video System Enhanced AutoParking Assist Auto Exit Parking Assist Remote Parking Assist with Phone and Key Remote Vehicle Summons

*Only available on the RWD Long Range and AWD Performance versions.

XPENG G6 SPECIFICATIONS

EXTERIOR

Exterior Colour
